Attention: Clerk of the Court:

I am writing to the conditions of Case # 09-50026: Gmc., et al., Debtors.

I object to the loss of salaried and hourly retiree benefits - pension, insurance and health coverage. We all worked many years and thru difficult times (including a 5 year wage freeze in the 90's) for our benefits. To lose them will cause an extreme hardship for us. I do not feel salaried retirees were properly represented in this matter, if at all.

I received bankruptcy papers - yesterday 6/12/09 from "The Garden City Group, Inc.", Am Claims Agent. To give me 6 business days to object or respond is unreasonable. Ask for more consideration, time wise, in the future.

Sincerely -

Marlye A Wassenaar
